INTERNATIONAL HOCKEY LEAGUE STILL GROWING

(Special to The Times-Dispatch.)
CALUMET, MICH., April 7.—There
will probably be several new clubs in the
International Ibokey League (professlonal) next season. Chicago is expected will probably be several new clude in the financianal backey. League (professional) next season. Chicago is expected to have a team, and the same may be said of Toronto. Whinipeg is also spoken of as a possibility, and the league will probably include at least eight clubs. Should these new organizations enter the international ranks, about fifty more players will be needed to complete the teams, and it is regarded as very likely that many Canadian smateurs will join the professional ranks. The Portage Lake hockey team won the championship of the league for the season just closed, with the American Soo second and Pittsburg third. The local team went to places early in the race, and was never a serious factor.
